Bethel town office

The Board of Selectmen met in regular session Monday evening, Sept. 13, in the Bethel Savings Bank meeting room and acted on a variety of agenda items.

Acting Chairman Stanley Howe opened the public meeting at 7 o'clock and the Board and its attorney moved into executive session to discuss matters pending litigation, citing Title 1, M.R.S.A., section 405(6)(6), Public Information Act, as authority. At 7:40, the meeting was reopened and a public hearing was conducted to gather citizen comments regarding a proposed cable TV ordinance.

Community interest in the subject of cable TV was well represented in the public hearing as citizens constructively examined and questioned the draft ordinance and the parallel activities of the Planning Board in the conduct of initial discussions with a candidate TV contractor. According to expert advice provided the town, the goal of a cable TV ordinance must be to strike a delicate balance between suitable controls and protections for the town acting in behalf of its citizens on the one hand and the heavy risks involved with obtaining fair return on a sizeable investment in the capital intensive cable TV industry on the other hand. The Manager summarized the intensive screening given the draft ordinance stating that it had been reviewed by a panel of cable TV contractors and a panel of municipal officers with recent involvement in this field acting as advisors to the Maine Municipal Association before a review by MMA lawyers. The draft ordinance passed all tests with flying colors, so well so, as a matter of fact, that the draft copy was retained by MMA to be used as a model for other towns in their efforts. The Board will weigh comments received in the public hearing and consider enacting the proposed cable TV ordinance at the next meeting. Incidentally, anyone

FIELD TRIP TO PORTLAND SATURDAY, SEPTEMBER 18

A Maine History field trip in honor of Portland's 350th anniversary of settlement will be held Saturday, Sept. 18, beginning in front of the Moses Mason House at 8 a. m. The trip sponsored by S.A.D. 44 Adult and Community Education in cooperation with the Bethel Historical Society will feature a visit to three of Portland's most historic houses.

Built in 1859 by Henry Austin, the celebrated New Haven architect, for Ruggles Sylvester Morse, a native of Maine, the Victoria Mansion is the finest example of a Victorian Italian villa in the French style in the United States. Built with no expense spared, the house survives with most of its original decorations intact. The frescoed walls and ceilings, hand-carved Carrara marble fireplaces, and hand carved woods throughout the house present the Mansion as it was built for Mr. and Mrs. Morse. The Mansion is fortunate to have many of the original furnishings as well: furniture, gold-leaf mirrors, paintings, imported window glass and a rare double gasolier extended

TELEPHONE OWNERSHIP TO BE SUBJECT OF SEPT. 22 BRYANT POND HEARING

The Maine Public Utilities Commission will hold a public hearing in Bryant Pond, Tuesday, Sept. 22, at 10 a. m. at the Woodstock Town Hall. The subject is to be the ownership of the magneto telephones.

In a letter from the PUC dated Sept. 9, it was stated that the sole purpose of the hearing is to determine who owns the magneto telephone equipment. The issue of conversion to dial equipment will not be discussed at the hearing.

The PUC independently initiated an investigation on Aug. 12 on the sale of the Bryant Pond Telephone Company by Elden Hathaway to Oxford County Tel. and Tel.

At the hearing, the following issues will be discussed: To determine the identification of the magneto telephones used in Bryant Pond and their present usefulness; To determine what party or parties hold interest in the telephone equipment; To determine the value of the phones at the time Oxford County Tel. and Tel. purchased the Bryant Pond Telephone Co. stock; To determine the subsequent value of the phones after the PUC's decision to permit conversion to dial equipment; To determine what percentage of profit from the telephones should be returned to the subscribers in the form of rate reductions or to Hathaway; To determine what impact the decision to go dial had on Bryant Pond. Last on the agenda will be the staff resolution.

The hearing is a factual meeting. Full documentation of any evidence presented is expected. The public is invited to attend the open hearing.

TELSTAR BOOTERS DOWN BUCKFIELD

The Telstar varsity soccer team evened its season record at 1-1 Friday, Sept. 10 at home by outscoring Buckfield 5-1.

Sophomore Bruce Barth began the scoring at 9:47 of the first quarter. After receiving a near-perfect pass from senior tri-captain Bryan O'Donnell, Barth turned and left-footed a shot past Buckfield net minder Nathan Smith and the first quarter ended 1-0.

At 6:23 of the second quarter Chris Mills scored the first of two goals on the day for him. Teammate Bruce Bolio fed a pass across the penalty area and Mills placed the ball in the left corner of the net. Just 43 seconds later junior Bob Myers upped the score to 3-0 as he received a pass in a crowd from Chris Mills and drove it low into the middle of the Buck-

SOCCER REBELS TIE MT. ABRAM

The Telstar varsity soccer team went to battle at home on Monday, Sept. 13, and came up with a 1-1 tie with the visiting Mt. Abram Roadrunners.

The Rebels began the scoring at 7:20 of the second period when sophomore Bruce Barth converted the rebound of his own penalty kick. But Mt. Abram deadlocked the score just two minutes later as the ball rebounded from the crossbar to the back of a Telstar defender and rolled into the goal.

Both teams continued to play the rest of the game through two overtime periods at a fast pace despite the heat and high humidity. Telstar fired 17 shots at the Mt. Abram goal while the Roadrunners returned with 10 of their own. Rebel goalkeeper Brandon Salway stopped seven while Shane Morgan handled eight for Mt. Abram.

The tie left the Rebels with 1-1-1 record going into a game at St. Dom's on Wednesday, Sept. 15 and a home game with Fryeburg on Saturday, Sept. 18.

tee will be Harriet Estes and Debbie Millet.

They stopped to inquire about many persons whom he knew in childhood days when he came to the town of Woodstock with his parents, and Mr. Ellery and Mr. Collier. It was the first time here for his wife. Mr. Leonard told of many happenings and history of the town in the early 1900's, of the Opera House, planting of the Hedge around the Common, of the late Captain Dearborn and his mill, of the Mann's mill that burned, and many other historical items of interest.

Superintendent's
Newsletter

Dr. Wayne F. Gersen

An article in a recent educational journal indicated that the typical student spends 15 days per year, or one year of his or her public school education, under the supervision of a substitute teacher. Given this reality, our district is making a concerted effort to improve the quality of substitute teaching in the coming school year.

In a meeting during the summer, the four Principals of the District: Warren Bouchard, Telstar Regional High School; Walter Phillips, Telstar Middle School; Eleanor Tracy, Crescent Park and Ethel Bisbee Schools; and, John Freeman, Andover and Woodstock Schools, decided to emphasize the need to improve substitute teaching from the beginning of the year. At the initial faculty meetings the Principals indicated to their teachers the importance of having well developed lesson plans for those occasions when a substitute is needed, and further indicated that they understood that improving the quality of substitute teaching would require administrative support in addition to well developed emergency lesson plans.

At a substitute teacher's workshop on September 8, the theme of mutual responsibility was again emphasized as the administrators met in small groups with prospective substitute teachers. In these sessions, the Principals reviewed their expectations of substitutes, and answered questions raised by the substitutes.

From this point on, the administration, classroom teachers, and substitutes will have to work closely together to insure that every day spent in school is productive. We hope that during 1982-1983, when students return home from a day under the supervision of a substitute, they will have as much knowledge and as much homework as usual.

WOODSTOCK ELEMENTARY
SCHOOL — GRADE 2
MAINE-WAY VACATIONS

Albert Silver enjoyed working in the woods with his Dad this past summer. Sheila Morin and her folks had a picnic in Locke Mills by the pond. Charles Patten had fun catching frogs near his home. Douglas Koskela moved from Oxford to Bryant Pond. Almost like a turtle they moved their home with them. It's a mobile home. We're sure glad he's here. Preston Noyes and his Dad cut wood for this coming winter. Many Maine folks do that these days!

Next week our last stories of the summer past will appear along with our pictures.

YOU, YOUR CHURCH,
YOUR COMMUNITY: IV

The fourth in a series of Workshops sponsored by the Bethel United Methodist Church will be held on Wednesday, Sept. 22, from 2:30 to 5:00 p. m. The title of this seminar will be "Reaching Out." A pot-luck supper will be held at 6 p. m., followed by a summary and evaluation of the afternoon's discussions.

All interested persons are invited to attend. Although there is some continuity from one workshop to another, new topics are introduced at each session, making it simple for newcomers to become involved in the small group discussions.

GIONET - SAVAGE

Mr. and Mrs. Michael Gionet

Miss Nancy Savage and Michael Gionet were united in marriage August 21, at St. Theresa's Church in Mexico, with Rev. Anthony officiating. Tammy Dunham, organist, and Mary Ann Fifield, soloist, furnished traditional wedding music. Selections by Mary Ann included "The Rose" and "Welcome to my World". The bride is the daughter of Mr. and Mrs. Gary Savage of Bryant Pond and the groom is the son of Mr. and Mrs. George Gionet of Hanover.

Escorted to the altar by her father, the bride was attired in a gown of sheer organza with a bodice of re-embroidered Alencon lace. It featured loose sleeves and Queen Ann neckline, with sweet-heart opening. Her full skirt tapered to a semi cathedral train. Her headpiece was a Juliet cap, with a fingertip veil of Alencon lace, complemented by an untrimmed blusher. She carried a bouquet of roses, carnations, and baby's breath. Patty Minkewitch, Norwood, Mass., friend of the bride, was maid of honor. Bridesmaids included Kelly Savage, sister of the bride, Tammy Wilson and Carol Marin, friends of the bride. Each bridesmaid was attired in a black and white tux, with the maid of honor wearing a black and white dress suit. They carried mixed bouquets of different colored flowers. The flower girl, Jessica Savage, sister of the bride, wore a Cinderella gown of white.

Forgiveness—one of the greatest words in the Bible. Some may say—laugh it off and let bygones be bygones—maybe even, let's bury the hatchet. With God it's an absolute pardon—and then he completely forgets our earlier misdeeds. What a wonderful God, so full of love and compassion.

And it all started with him—the Lord. Remember the happening in the Book of Genesis 22—when Abraham was told by God—"Take now thy son, thine only son Isaac, whom thou lovest, and offer him as a burnt offering upon one of the mountains which I will tell thee of."—"And Abraham stretched forth his hand, and took the knife to slay his son"—"and an angel of the Lord called Abraham"—and said—"Lay not thine hand upon the lad: for now I know that thou fearest God."

Here we see a lesson:—Isaac was "obedient unto death", willingly let his father Abraham bind him to be slain as a sin offering." And Abraham spared his son—but, in the nick of time he was stopped and there -- "behold—be-

Nicole Merrill was appointed as Telstar cheering coach for the Fall of 1982.

Approval was granted for a field trip sponsored by the Telstar varsity field hockey team to Boston, Mass., on Sunday, Oct. 10, to see the try-outs for the United States field hockey team.

The Directors authorized the exchange of a used S.A.D. 44 66-passenger bus with Gould Academy for the following athletic equipment: a port-a-pit, used for high jumping and pole vaulting; a set of parallel bars; a vaulting horse, and a vault.

In the presentation of the Superintendent's report, Dr. Wayne Gersen noted that he will be meeting with the Selectmen of the towns of S.A.D. 44 on Thursday evening, Sept. 23, at the Woodstock Elementary School, in order to acquaint the municipal officials with existing facility, and to make them aware of the funding arrangements that are proposed with regard to a new school building. He also noted that the regional drug and alcohol workshop, called "Youth at Risk in Western Maine: What are we doing?", is to be held on Wednesday, Oct. 20, at Positively Maine Street, South Paris. Workshop speakers will include: Tom Farrell, Dirigo High School Principal; Walter Boute, Mexico High School Principal; Jean Litchfield, drug rehabilitation counselor; and Stan Evans, Chief Administrator at the

Following the ceremony, an outdoor reception was held at the home of the bride's parents. Cindy Fiske, Lynn Chartier and Sue Burnham had charge of the gift display and Kelly Savage circulated the guest book. Music was provided by Richard Felt and band of Bryant Pond. The wedding cake, made by Sally Smith of Bethel, was served by Lorraine York, aunt of the bride. Photography was by Mr. Roy of Bryant Pond.

FROM THE TOWN OFFICE

continued from Page One
may pick up a copy of this ordinance at the Town Office during normal working hours.

Meanwhile, acting within the framework of the draft cable TV ordinance, the Planning Board has opened direct discussion with a potential cable TV contractor who offered the Town an unsolicited proposal. Meeting with the potential contractor on Wednesday evenings in the town office (the public is cordially invited to attend), the Planning Board is carefully examining: 1) the details in establishing, installing and maintaining cable TV; 2) the cable TV company's responsibilities in service delivery, and its ability to honor them; 3) and all costs and fees that would accrue to the customer, the Town and the contractor and determine their feasibility and equity; 4) the range and depth of programming options; 5) efforts needed to coordinate the franchising process. Initial indications are that cable TV service could be provided to Bethel residents within two years. However, a more specific time table will be issued as the negotiations continue.

This column will provide timely updates as developments occur. Also, the Town Manager and Planning Board members are available to act on your questions and comments.

In other Board action, proposals were reviewed for gasoline and fuel oil for the period Sept. 1, 1982 to Aug. 31, 1983, and awarded the contract to Ripley and Fletcher at a low quote of \$1.103 per gallon of gasoline, \$1.0974 for #1 fuel oil and \$1.022 for #2 fuel oil. Maillet Construction Company of Mexico was awarded the bid to dig a new

trench along the western boundary of the landfill at a low quote of \$4,480. This will net our taxpayers a 60% savings below the actual dollar costs of digging the existing trench in 1979-80. Deliberations on winter sand were postponed until the next meeting.

Acting on the fact that the last State Legislature rescinded statutes regulating trailer parks, the Bethel Board of Selectmen chartered the Planning Board to draft a Town ordinance dealing with this unique entity. Drawing from the useful material of the old statutes, this ordinance will establish minimum standards and regulations for: 1) soil and ground cover, site drainage, area of mobile home parks, setbacks, street systems, access, off-street parking and mobile home pads; 2) insuring that the Town has the capability to assure existing and future parks are operated in a manner that are not a detriment to the community or park inhabitants; and 3) preserving the clustering concept.

The Board of Selectmen will hold their next meeting on Monday, Sept. 27, at 7 p.m. in the Bethel Savings Bank meeting room.

WOODSTOCK HISTORICAL SOC.
ELECTS OFFICERS

At the annual business meeting of the Woodstock Historical Society last Saturday night election of officers was held. The meeting was preceded by a cook out at the home of Mr. and Mrs. Robert Billings. A birthday cake celebrating the Society's third anniversary was served.

The Society's new officers are as follows: President, Mary Billings; Vice-President, Hazel Brooks; Secretary, Joyce Hoyt; Treasurer, Annie Crockett; new Trustee, Eva B. Twitcheall; Chairman of the Board, Mansfield Packard; Vice-Chairman, Eva Twitcheall; and Censor, Larry Billings.

The evening's program was provided by Miss Ellen Haverinen, a teacher at Woodstock Elementary School. She played many old songs on the Society's South Woodstock Church organ. The members relished guessing the names of the tunes. All in all, it was a most auspicious beginning for the new year.

GOLF HIGHLIGHTS FROM THE
BETHEL INN & COUNTRY CLUB

With this edition your Pro-Shop reporter will be ending weekly golf reporting for the season. There will still be lots of activity going on around the Pro Shop and the Inn. We will play Scotch ball every Sunday. The Meat Packers will be our guests this week end. They will be followed by the Women's Maine State Amateur Tournament on Oct. 5.

This past week we hosted the Manchester Club group from Massachusetts. They were here for a two day golf tournament. The return Scramble with the Paris Hill Country Club was played on Sunday with a total of 48 golfers participating. First place team winners (32) were Ray Moran, Anne Moran, Neil Elder and Mary Elder. Second and third place winners (34) were George Brown, Lucille Abbott, Warren Abbott, Pete Matthews, Brenda Matthews, Barbara Douglass and Dana Douglass. Our closest to the pin winner was Charles Keoskie. Following the Scramble a delicious buffet was served to all who participated.

Your reporter hopes that all those interested in the golf news this summer have enjoyed keeping up to date on the golf and tennis activities, as much as I have enjoyed reporting it. It has been a very busy summer at the Bethel Inn & Country Club and we all look forward to more of the same next year. Come on out and play! The golf course is in great shape!

Just a wonderful week. In fact the night Saturday was almost uncomfortably hot and for the first time since July had trouble falling asleep because it was too hot. For those whose gardens were not harmed by the frost these warm days are really helping. It does seem as though there are a lot of summer colds going around as well as intestinal flu. Riding along the roads one finds every once in a while trees that have already put on their fall colors of reds, oranges, yellows and rusts. Hope this doesn't mean an unusually early fall.

The 14th Evelyn Hilborn and dog, Tobey, will be going to Grafton Notch.

Mr. and Mrs. Charles Mason, Jr., and girls, went to Oxford Fair horse show Sunday. Melinda won five ribbons and Carole four. Melinda is also vying for Miss Oxford County. Scott Mason brought a trophy for lifting 425 pounds in his weight division.

Mr. and Mrs. Charles Mason, Jr., went to Togus for a regular checkup and stopped at their daughter's, Terry Blake, and granddaughter, Beth, in Augusta.

Mr. and Mrs. Scot Bills and girls have moved as Scot has employment at Bath Shipyard.

George Gilbert and Betty went Friday and Saturday to Richmond, Que., to visit his aunt, Mrs. Mabel Leonard. George is on vacation and they are working on their winter's wood.

Leslie Lapham went to a doctor in South Paris, Thursday and Monday.

Friday Lester and Ruth Butters picked me up and we went to Gorham, N. H., shopping, and Sunday my brother, Daniel Allen,

camp up from his home in Oxford on his motorcycle and had lunch with us. Think there is more to do in the garden now than during the summer.

The 6th Mr. and Mrs. Victor Coolidge and three girls, Mr. and Mrs. Ernest Angevine, went to Hermit Island and had a cook out. They also took a tour of L. L. Bean, Freeport.

Dr. Leonard Shaw with the help of Herb Kittredge and David Keniston put a new roof on his Bethel office.

Mr. and Mrs. Charles Carson and son of Concord, N. H., were Saturday visitors of his sister, Thelma Merrill, and the Shimamuras.

The 7th I stopped to pick up Aunt Sara in Albany. We stopped to visit my folks, Mr. and Mrs. George Allen, and after my doctor's appointment had dinner in South Paris.

In Evening Hope
I sat in the quiet evening hour
As the lengthening shadows grew,
And my gaze was fixed on parting sun
In a change of the gentlest hue.

And I could not help but contemplate
On the close of another day,
That the end of the day has a beauty, too.
As the morning light's first day
And as it is in the life we live,
Though the moments be weary or long.

At end of the day, the sun's parting ray
Brings the gentle evening song.
I have lived my day on earth below,
And now with the evening's rays,
I can know no fear but expected hope.

For my trust is in Christ, the Way.

And though lengthening shadows round me twine,
I will never fear the night,
To the golden hues of my Heavenly home,
I am guided by Christ, my Light.

E. ANDOVER MAN LOSES LIFE
IN WEDNESDAY MORNING FIRE

Officials are investigating the cause of a garage fire in East Andover which took the life of Chesley White, 77 years of age, late Wednesday morning, Sept. 14.

The origin of the blaze has not been determined, although Andover Fire Chief Roger Mills Jr. termed the fire "accidental," noting that the building lacked electrical power and stoves. Mr. White had apparently been home alone when the fire broke out.

A passing truck driver spotted the burning structure, located about 50 feet from the White home, and reported it to the nearest neighbor who placed the 11:15 a. m. call.

The Andover Volunteer Fire Department responded with two engines and about 15 men, assisted by a few firefighters from neighboring towns. The blaze was quelled with a small amount of water from tank trucks, it was reported.

An autopsy was scheduled for Thursday in Augusta. Investigation continues by local, county and state authorities.
